

## **Up Next In Our Webinar Series:**

### ***What's For Dinner?***

### ***Unpacking Food and Nutrition in Long Term Care***

**7-8 pm Wednesday August 23, 2023**

Shauna Prouten is a Registered Dietitian who has been working in Seniors Care for the past 33 years in Alberta and British Columbia.

In this thought-provoking webinar, Shauna will use the example of a resident in care to highlight how the current Long Term Care Regulations in BC fail to support residents in accessing consistent, high quality, nutritious food that meets their health and cultural needs. The gaps in our nutrition and food service standards, funding, monitoring and accountability will be discussed. The critical importance of appropriate funding for food and appropriate staffing for food production, service delivery, nutrition assessment and care delivery and getting input from all stakeholders, in the development of regulations will be emphasized. There will be opportunities to ask questions and discuss nutrition issues in Long Term Care in our post presentation open floor discussion.
